Biggest Charity Survey

Many thanks to everyone who has already helped with the [survey NAVCA and the health strategic partners are running](#). They already have 400 responses but would like a lot more. They want the survey to be able to support the case for greater involvement of the voluntary sector in local decision making, particularly health.

The survey is for all charities and voluntary organisations. Please promote this survey. Please forward the survey link on (<https://www.surveymonkey.com/s/LJP8KWK>) and feel free to tweet about it. They are using the hashtag #biggestcharitysurvey

The survey is open till the **end of December**.

Integrated Personal Commissioning: Realising Person Centred Care Through Volunteering

These [four free events](#) will explore how volunteers and volunteer involving organisations can contribute to and help deliver integrated, person centred care, in the context of ambitions of the Integrated Personalised Commissioning programme announced by NHS England in August 2014.

Run in partnership between CSV, ECORYS and In Control and with the support of NHS England, Public Health England and Regional Voices, the learning events will also provide participants with the opportunity to contribute to the development of guidance on how the volunteer involving sector can help ensure that people with health and care needs are able to access and make most effective use of the resources and support (including personal health budgets) to shape the care that is meaningful to them in their lives.

Impact Readiness Grants

Purpose: To improve the ability of ventures to measure and report on their impact. Of particular interest to ventures that are at an earlier stage in their development of impact systems and processes. Ventures should have a commitment to raising repayable investment or securing contracts within 18 months.

Grant size: Up to £25,000 with a minimum size of £15,000.

Use: To provide support to articulate, measure and demonstrate their impact, e.g. developing/amending theory of change, identify outcomes and data required to evidence outcomes, learning from peers, identify methodology/tools to implement to support impact

measurement and evidence of performance

Spend timetable: Up to 3 months. See website: www.sibgroup.org.uk/impactready/

Impact Growth Grants

Purpose: To support intensive interventions to help develop specific systems and processes to increase the impact that the venture is delivering and which are clearly linked to a specific investment raise/contract opportunity

Grant size: £25,000 to £150,000 (we expect the average for these grants will be £75,000)

Spend timetable: Up to 3 months

Use

- review existing processes and approach in relation to impact
- embed capacity and skill
- provide change management support to embed new ways of working
- improve performance management, make service delivery improvements

Grants can be used for temporary additional internal capacity for ventures as long as they have a clear plan/intention to cover this work post grant completion, and as long as the grant is not used to cover existing running costs.

A maximum of 70% of the grant value can go to either the provider or venture within any one individual grant application. Deadline: **16 January 2015**. See website:

www.sibgroup.org.uk/impactready/ventures/

Sport England Launches Funding Programme to Tackle Physical Inactivity

Round 2 of the "Get Healthy, Get Active" programme is now open for applications.

Through the fund a total of £5 million will be available to support projects that tackle physical inactivity. The aim is to reduce the burden of preventable death, disease and disability, and support people and their communities to achieve their potential. The Get Healthy, Get Active fund aims to:

- Get more inactive people playing sport once a week for at least 30 minutes
- Achieve a better understanding of sports contribution to improving public health and the prevention, treatment and management of long term conditions
- Enable sport and physical activity to be regularly commissioned to meet a wider range of agendas but particularly focusing on reducing health and social care costs
- Achieve a reduction in health inequalities.

Organisations / partnerships such as charities, voluntary and community groups can apply for grants of between £100,000 and £500,000. In exceptional circumstances grants of above £500,000 will be available. Organisations / partnerships applying, will need to contribute about 1/3 to the costs of the project. The application deadline is **26 January 2015**. See website: www.sportengland.org/funding/our-different-funds/get-healthy,-get-active/
